

NiChem X™ Covering

Typical Applications for this Cover:

- Cylinder Couch Rolls
- Suction Drum Rolls
- Extractor Couch Rolls

NiChem X™ is a premium elastomeric compound material. NiChem X™ is specifically formulated for softer Couch Roll applications. It is chemically stable, has excellent hardness stability, and is resistant to extremely demanding environments in the wet end of the paper machine.

Hardness	100-200 P&J
Abrasion Resistance:	Superior
Hardness Stability:	Excellent
Uniformity:	Excellent
Acid Resistance:	Excellent
Alkaline Resistance:	Excellent
Solvent Resistance:	Excellent
Operating Temperature:	300° F
